Secure

Your data stays within your instance of any of the OpenAI services you select to deploy. Your training data is NEVER shared to the public OpenAI Services.

Customizable

You can bring in your data and train the OpenAI Services on the specific needs of your business.

Extensible and Evolving

Microsoft continues to develop OpenAI services including custom plug-ins to integrate external data like Azure SQL, Cosmos DB, Translator, Bing Search. Dedicated compute will soon be available to provide guaranteed performance.

Full Menu of OpenAI Services

Microsoft has included all of the OpenAI pretrained models in Azure AI Studio. Azure customers have access to create custom versions of GPT-3, GPT-4, ChatGPT, Codex, or Dall·E 2.
